

MAYWOOD/SCO

UPDATE #212

DATE: 10/25/05

WORK FORCE

There will be twenty-one (21) employees returned to the workforce no later than November 7, 2005. This return of employees was due to the language in the Collective Bargaining Agreement in Document #3 on Page 143 of the National Agreement. This will leave eight (8) people on the list for rehire, which we will continue to address on a continuous basis.

MANAGEMENT SITE LEADERSHIP TEAM

As many of you may be aware, members of the Management Site Leadership Team are planning on visiting strategic locations through Plants 5, Plant 8 and the Training Center on October 26th. We have been told that this "Whistle Stop Tour" as they are billing it, is a direct result of information that they gained during their Employee Survey, which showed that most employees felt that Management did not do a good job communicating with their employees.

We would like to encourage all employees to attend the meeting in your area and take the opportunity to ask the questions that are important to you. Information about when this Management team will be in your area will be distributed in several different formats. If you have any schedule questions, please be sure to contact your Supervisor.

REMEMBER BUY AMERICAN BUY UNION MUST BECOME MORE THAN A SLOGAN!
