

Ryder Logistics Unit

Chairman's Report #1

DATE: 4/23/04

Negotiations kicked off Tuesday and Wednesday. We covered everything that was not economic.

Due to GM Powertrain not giving us an answer on our contract, we cannot discuss anything economic.

We agreed on a sixty (60) day extension, with items being retroactive from April 30, 2004. We can't do much if we don't have the account.

We are to resume Negotiations May 25, 26 and 27, 2004; to finish Negotiations.

I cannot discuss any details of the contract until the time of ratification.

We have one Discharge case set for Arbitration on June 15, 2004.

The UAW Local 933 General Election is Tuesday, May 11, 2004.
